

Our Past Autism Awareness Program ...

In May 2008, ACF worked together with Mr Robert Wo Peng's company and produced a documentary program on Cable TV Channel 27. This is a four episodes TV program dissecting the causes of autism and exploring treatment options and discussing problems and issues faced by needy families.

In the same year, in July and August, we have invited celebrities such as Mr Chan Pak Cheong, Mr Liu Kai Chi and Ms Chan Man Yee, Mr George Lam, Ms Isabella Kau to shoot 4 episodes short advertorial short film to raise awareness amongst Hong Kong community about autism.

Around December 2008, ACF started their Road Show program within Hong Kong using the buses. We hope with all these activities, we will be able to pass our message to public on awareness of Autism.

In 2009, ACF parents were interviewed by Hong Kong Radio Channel (1st Channel) radio DJ, Ms Tan Hoi Lam's program of "Listen to your Family Story". This program had received great response from audience.
